

NFAC #4648/79
4 September 1979

MEMORANDUM FOR: Agency-wide Working Group [redacted]

STAT

FROM : Coordinator for Academic Relations, NFAC

SUBJECT : A New Revision of [redacted]

STAT

1. The proposed revision of [redacted] attached has the concurrence of the Operations and Science and Technology Directorates. It has also been given a preliminary informal review by the DDCI, which was favorable. I hope, nevertheless, that you will give it a close and thoughtful reading so that we can be sure it contains no errors or oversights and is therefore ready for submission to the Regulations Control Division, DDA.

STAT

2. In preparing the new revision, before sending it to DO and DS&T, I tried to meet your objections to the earlier revision. I am sure I have not been wholly successful. I do believe, though, that I have managed to incorporate or reflect all of your more substantive suggestions. If you still have objections, or suggestions to offer, please let me have them in writing. Otherwise, I'd appreciate an indication of your concurrence, either by memo or by a call to me or to [redacted] by or before 14 September. If any of you feel that another meeting of the working group is desirable, please forward that suggestion too.
